

# 5 Tips To Improve Your JavaScript

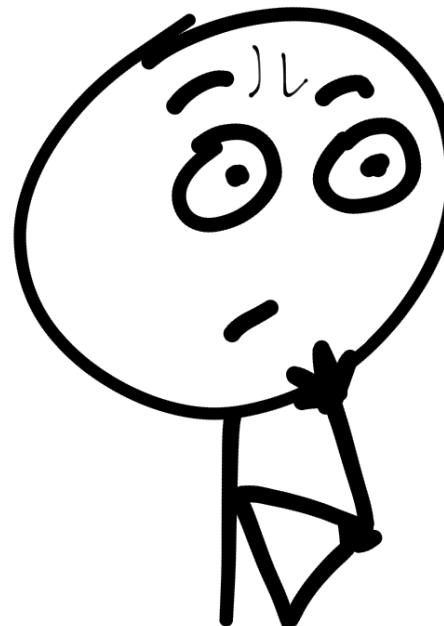

With ES2015 (ES6)

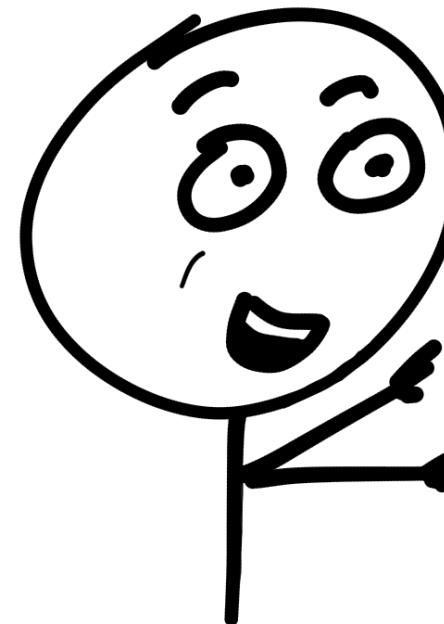

# New Stuff in ES6

- arrow functions
- map / weak map
- set / weak set
- generators
- classes
- let (block scope)
- const
- object literal short-hand
- spread / rest params
- promise (native)
- proxies
- iterators
- symbols
- modules
- template strings
- multi-line strings
- typed arrays
- destructuring assignment

... misc other improvements

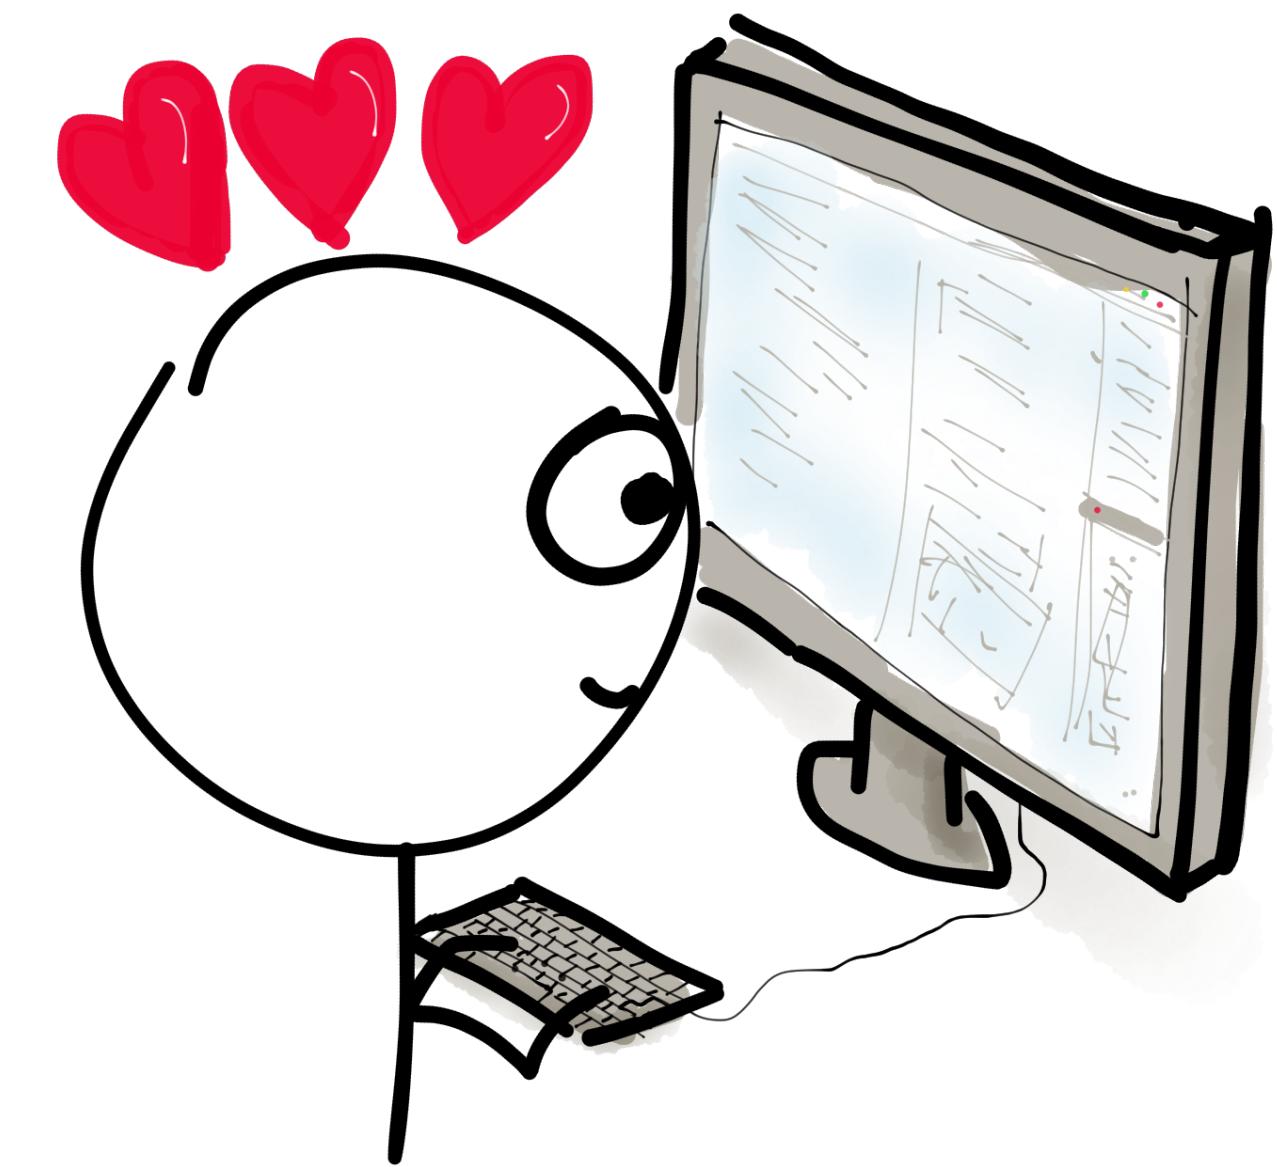

# Fav Stuff in ES6

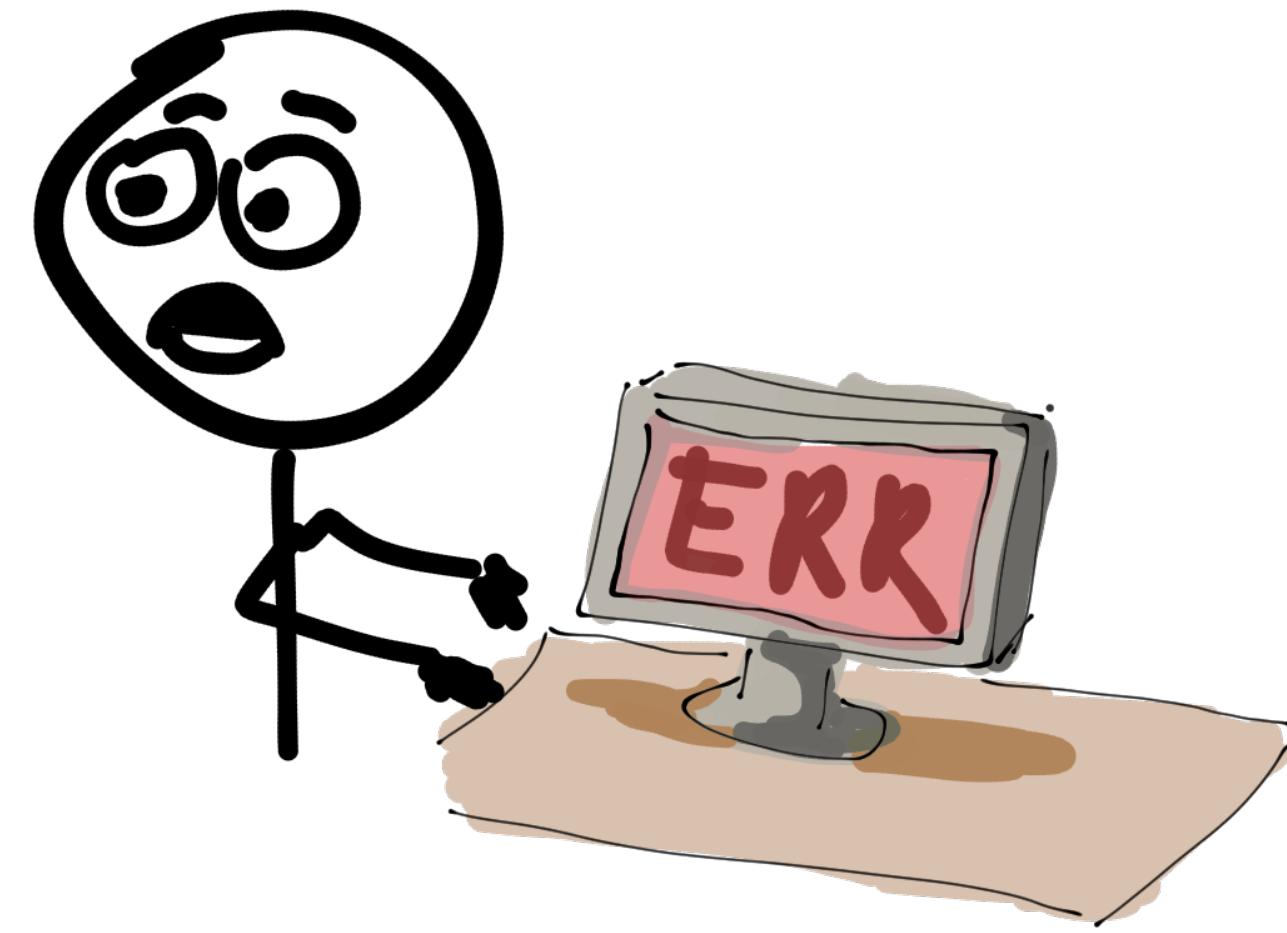

- arrow functions
- map / weak map
- set / weak set
- generators
- classes
- let (block scope)
- const
- object literal short-hand
- spread / rest params
- promise (native)
- proxies
- iterators
- symbols
- modules
- template strings
- multi-line strings
- typed arrays
- destructuring assignment

... misc other improvements

# SHOW ME THE CODE!

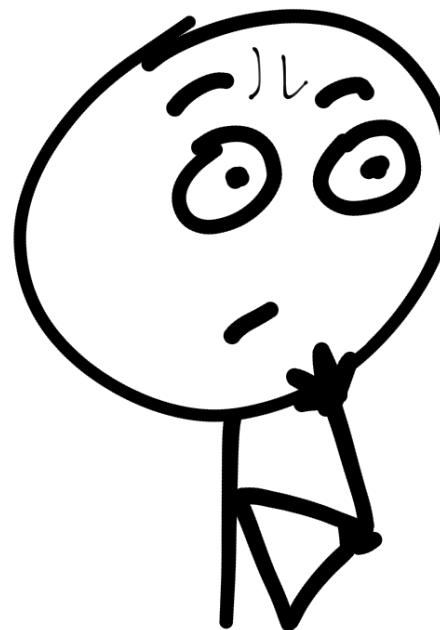

BABEL

# Honorable Mentions

- arrow functions
- map / weak map
- set / weak set
- generators
- classes
- let (block scope)
- const
- object literal short-hand
- spread / rest params
- promise (native)
- proxies
- iterators
- symbols
- modules
- template strings
- multi-line strings
- typed arrays
- destructuring assignment

... misc other improvements

# Things To Watch

- arrow functions
  - map / weak map
  - set / weak set
  - generators
  - classes
  - let (block scope)
  - const
  - object literal short-hand
  - spread / rest params
  - promise (native)
  - proxies
  - **iterators**
  - symbols
  - modules
  - template strings
  - multi-line strings
  - typed arrays
  - destructuring assignment
- ... misc other improvements

# Dishonorable Mentions

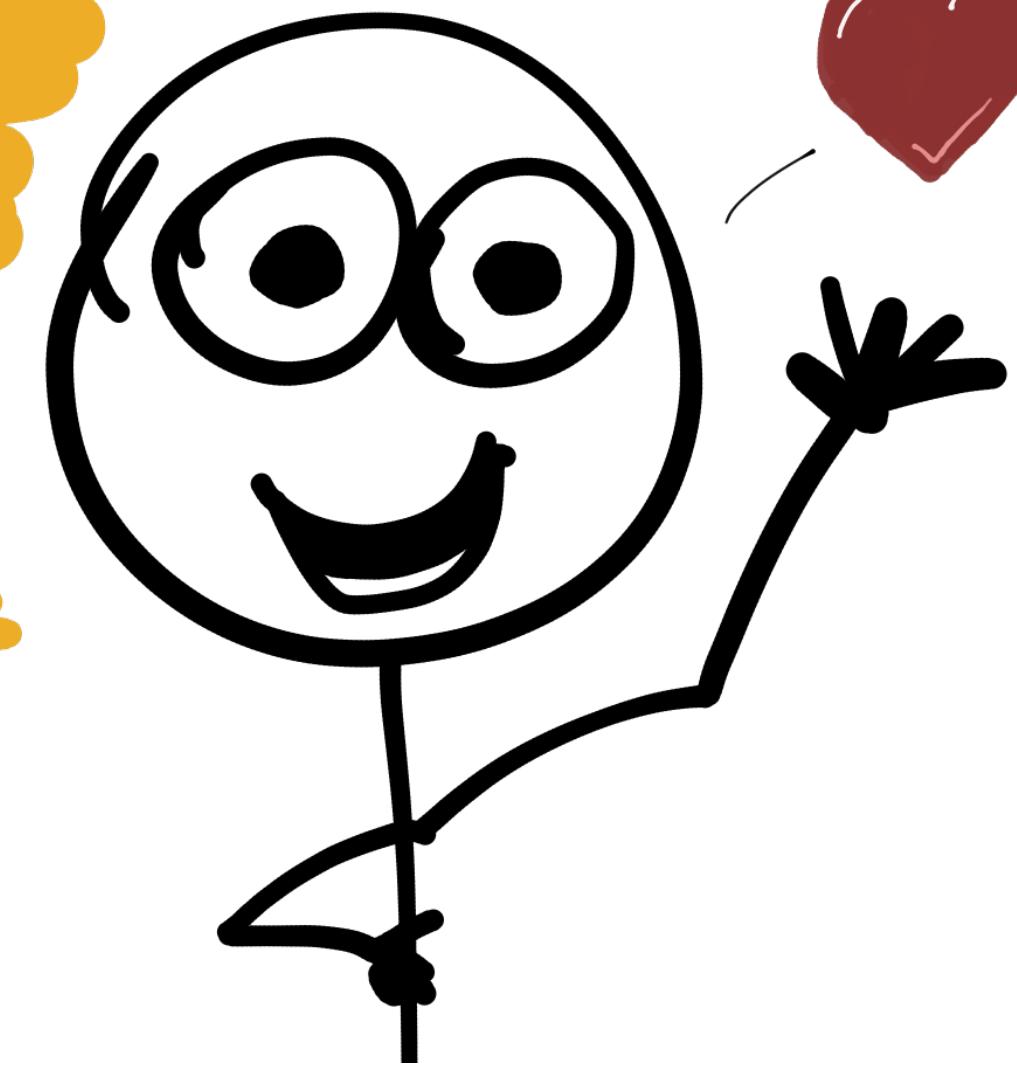

- arrow functions
- map / weak map
- set / weak set
- generators
- classes
- let (block scope)
- const
- object literal short-hand
- spread / rest params
- promise (native)
- proxies
- iterators
- symbols
- modules
- template strings
- multi-line strings
- typed arrays
- destructuring assignment

... misc other improvements
